

Rattan Creek Neighborhood News

Serving Milwood at North Austin MUD # 1 since 1983

Distributed Monthly By The Rattan Creek Neighborhood Association, Vol. 16, No. 7

September 2001

Warning to Neighbors:

In the last week of July there had been 3 incidents of a thief entering homes at night via open garage doors or un-secured patio doors. These home burglaries took place in the area of Shiner and Corpus Christi. This guy goes through your house while you are sleeping and takes cash, watches, lap tops.

In one case, he was in the bedroom while the residents slept. In our case, he was within 15 feet of our bed. Travis County SD has investigated, and unfortunately, the deputy feels it may be one of our neighbors! He bases his theory on the fact that all three hits took place within a one block area.

If you leave the garage door partially open for pet access, the opening should be small enough that a person **can't** crawl under. Patio doors should be secured.

C.A., Milwood Neighbor

(Please note the letter above is from a neighbor and has not been verified for accuracy)

Safety Tips:

For safety reasons, you should always close your garage doors, and ALWAYS lock the door from the garage into your home. If you must leave the garage door ajar for your pet, be sure to check that it is not left open enough that someone can send a child through it.

On sliding glass doors there are many safety devices that can be installed. From drilling a hole lined up in the frame of both doors and putting a nail in it, or using something as simple as a sawed off broom stick or board in the track of the door, to having a locksmith install an extra locking device.

For those with the back doors that are all glass (as many of us have), using a keyed deadbolt and removing the key to a nail near the door(out of arms reach, if the glass was broken), yet still accessible in case of a fire. **Note: Keyed Deadbolts are a fire code violation.** *You must make that decision for your own family.*

Most of the time an added simple screw on locking device on the lower windows can deter a thief. And most of all – Lighting. Use the motion sensor types both for your front and backyards.

If your home is well lit and or lights up as you approach it, chances are the thief will move on. Remember, they look for easy targets and particularly those with easy access.

President's Notes

Stoplights, Accidents and Burglaries

In mid-July, there were at least 3 burglaries in the neighborhood. The thief entered homes at night through open garages or unlocked doors. I've received reports of suspicious characters walking in the neighborhood, perhaps "shopping" our homes while we're away and coming back to break in. Be aware and be prepared to call the sheriff's office.

Call the sheriff's office if you think you see anyone suspicious, DO NOT try to handle the situation yourself!!

Four DPS officers, 3 Sheriffs deputies and 4 Austin policemen were at the scene of an accident at Parmer Lane and Dallas Drive. This time multiple cars involved, as well as a rollover. I heard rumors of a

stoplight being installed there but have not heard anything official from the Texas Dept. of Transportation. I'll forward details as I receive them. Some residents have asked for a petition to be sent around in support of this stoplight as well as additional stop signs on other streets.

We've been pretty quiet in the neighborhood, we pay our taxes and haven't asked much in return from Travis and Williamson counties. I think that is going to change.

Come out to Rattan Fest and lets talk about this.

Recipe

Fix Ahead Brunch

- 1 precooked ham slice or any leftover ham
- 2 cups milk
- 6 slices bread, cubed
- 4 eggs
- 1 tsp salt
- 1 tsp mustard
- 1/2 lb grated Cheddar Cheese

Mix all and pour into 9 x 13 pan.

Refrigerate overnight.

Bake at 325° for 45 to 60 minutes.

Options:

One package of broccoli may be thawed out and added to the above if it is more of a brunch menu.

Serves 6

Breakfast Casserole

- 8 Frozen hash brown patties
- 4 cups (16 oz) shredded Cheddar cheese
- 1 lb cubed fully cooked ham (about 2 cups)
- 7 eggs
- 1 cup milk
- 1/2 tsp salt
- 1/2 tsp ground mustard

Place hash brown patties in a single layer in a greased 13 x 9 x 2 inch baking dish.

Sprinkle with cheese & ham. In a mixing bowl, beat eggs, milk, salt, & mustard. Pour over ham & cheese.

Cover and bake at 350° for 1 hour.

Uncover and bake 15 minutes longer or until edges are golden brown and a knife inserted at the center comes out clean.

Serves 8

Austin Public Library Friends hold Monster Book Sale at Crockett Center

Who: Friends of the Austin Public Library

What: Monster Book Sale 2001

When: September 22-23, 2001
 9:00 am - 6:00 pm (Sat),
 10:00 am - 6:00 pm (Sun)

Members only preview sale,
 September 21, 5:30 pm - 9:00pm

Where: Crockett Center, 6301 Hwy 290 East
 (Take the Hwy 290 access road east from IH-35)

Why: Proceeds directly benefit the Austin Public Library

Book Lovers and bargain hunters will make tracks to Crockett Center on September 22 and 23, 2001, for the Friends of the Austin Public Library's Monster Book Sale. The annual event, which offers more than 60,000 books, magazines, videos, CDs, albums and computer software for readers of all ages, raises money for the Austin Public Library. Past sales raised as much as \$ 65,000 for equipment and special promotions at the Austin Public Library.

Books and other library materials for the Monster Book Sale come from the Library's withdrawn materials or are donated by individuals.

A special selection of rare and exceptional books featuring first editions, art books, and unusual collector's items will be auctioned. This year, the auction will include a facsimile reproduction of The Life and Services of Gen. Ben McCulloch, Victor M. Rose, 1958 and a first edition of the Buffalo Soldiers, Robert O'Conner, 1993. The live auction will be held at 10:00 am Saturday. A list of items to be auctioned can be found on the Friends' web site at <http://www.main.org/friends/auction.htm>.

The Friends of the Austin Public Library is a nonprofit organization that provides volunteers and financial support for the Library. The annual book sale is run entirely by volunteers who work year-round sorting and organizing materials for the sale.

Individuals or groups interested in helping with the book sale should contact Dana McBee at the Volunteer Services office at the Austin Public Library at (512)974-7443 or e-mail: Dana.McBee@ci.austin.tx.us.

Neighborhood Elections Draw Near

As fall starts, it is once again time to think about the election of our neighborhood association officers. The RCNA Board of Directors Executive committee consists of the President, Vice-President, Secretary and Treasurer. All of the officers of the RCNA are publicly elected by the paid members of the neighborhood association. A description of each position follows:

President:

The president shall preside at all meetings of the executive committee and the RCNA and shall be an ex-officio member of all committees. The president should act to insure positive relations among the RCNA volunteers whenever possible and try to attend and take a leadership role in any RCNA sponsored functions and events.

Vice-President:

Fulfill the duties of the president in the president's absence and serve as parliamentarian of the RCNA. The vice-president should attend all executive and general meetings held by the RCNA; serve as secondary facilitator at the meetings making certain

proper protocol is followed, and see that meetings proceed efficiently. The vice president should also attend and take a leadership role in all RCNA sponsored gatherings and events.

Secretary:

The secretary shall be responsible for keeping an accurate record of all business of the RCNA and for all business of the RCNA and for all outside correspondence of the RCNA. The secretary should attend all executive and general meetings held by the RCNA, along with attending & helping with all RCNA sponsored gathering and events.

Treasurer:

The treasurer is responsible for the RCNA monies and shall keep an accurate record of receipts and expenditures. The treasurer is responsible for maintaining the RCNA accounting. The treasurer should attend all meetings held by the RCNA, along with all RCNA sponsored gatherings and events.

Currently, we need a Secretary and are looking

to fill that position immediately.

It is real important that we get new folks to volunteer and fill some of these positions. The positions are for a term of one year, and are renewable after that. This helps the neighborhood stay fresh with new people and ideas. Part of what makes our neighborhood different from others is the active participation of the residents in the association.

If you are interested in learning more about your neighborhood and how you can make a difference, please feel free to contact anyone on the Board of the RCNA (see page 2 for names and phone numbers). If you would like to come to the meeting in September or October, please come to the Rattan Creek Pool at 7 pm on third Thursday of the month.

**Voting will be held October 18th
at the Rattan Creek Pool at 7 pm.
We hope to see you there!**

Block Captain Needed:

If you are not receiving your newsletters, please call Dallas Hall at 257-3494. Every year folks move and occasionally, we are the last to know. We thank you for all your calls.

If you live on the north end of Amarillo Ave, this will be the last newsletter you will receive unless someone comes forward to be the block captain for this part of the street.

It seems that your block captain has moved, and no one has stepped forward to help us deliver the newsletter. Newsletters are delivered throughout the neighborhood using the block captain system. Our neighborhood is divided up into sections. The section heads then distribute the newsletters to the block captains, and thus they get delivered to your home.

If you are interested, please call **Dallas Hall at 257-3494**, and she can fill you in with details.

PLEASE READ ALL INSTRUCTIONS CAREFULLY
BEFORE COMPLETING APPLICATION

- All members receiving badges must be listed, with birthdates, for the application to be considered complete. (Children under three attending the pool do not need to be listed.)
- Guest passes can only be purchased by a member of the pool. All guests must be accompanied by a pool member.
- One complimentary pass, which can be used three (3) times, is issued with each badge purchased. Two (2) passes will be issued with each annual pass. (Complimentary passes are not issued with badges purchased for replacement of a lost badge.)
- A packet of ten (10) guest passes consists of four (4) cards totaling ten (10) uses.
- A check made payable to North Austin M.U.D. #1 (NAM1) Pool must accompany the application to be processed.
- The check for the pool, tennis key and the RCNA **must be mailed separately** from the payment for the NAM1 water bill.
- Replacement fees for lost or stolen badges are as follows:
 Summer / Winter Badge: \$5.00 each Annual Badge: \$10.00 each
- If purchasing a combination of summer only / winter only and annual badges, please specify for whom the annual badges are to be assigned to.
- All badges and passes will be mailed out and are not available for pickup (even if registering in person)
- Annual badges are good from the beginning of the summer session until the end of the winter session of the same year and not necessarily a year from the date of purchase. (i.e. valid from May 2001 to April 2002)
- Tennis court keys are good from (approximately) the first of May until the end of April of the following year. New keys will need to be purchased at this time every year.
- Please make sure you are filling out the appropriate application for the tags, etc., that you are requesting. (The application should state the year and session being registered for above the listing of fees.)

**ALL INCOMPLETE OR INCORRECT APPLICATIONS WILL
BE RETURNED WITHOUT PROCESSING**

PLEASE ALLOW TWO (2) WEEKS FOR PROCESSING

Mail or Deliver to ECO Resources, 9511 Ranch Road 620 N., Austin, Texas 78726

Rattan Creek Park, Pool and Court Rules and Regulations

Rules are established and adopted by the North Austin Municipal Utility District #1 Board of Directors
Pool Identification tags and tennis court keys must be purchased through the District Manager
ECO Resources 9511 RR 620 N, Austin, Texas 78726-2908

Pool Rules and Regulations

Identification

1. Pool is available to District residents who have paid tag fees and their guests. Out of District memberships are available. Only individuals with tags may enter pool area.
2. Identification tags must be worn by swimmers at all times.
3. Report lost or stolen I.D. tags to the pool manager. Replacement tags can be purchased through ECO Resources for a \$5.00 fee.
4. Use of pool I.D. tags by any one other than the swimmer listed on the current year's registration form will lead to forfeiture of that I.D.

General Requirements and Conduct

1. Conduct by any person deemed to be dangerous, unwarranted, or offensive is grounds for discipline by the lifeguards. Offensive behavior in particular, will be dealt with on an individual basis and could result in suspension from the pool. Any individual suspended three times may also lose all pool privileges for the season.
2. Running, jumping, skipping, or any activity other than ordinary walking in the pool area is strictly prohibited.
3. Bicycles and skateboards must be walked in front of the pool entrance for safety. No motorized vehicles are permitted in the park. No pets are allowed in the fenced pool area. Pets must be on a leash while in the park.
4. Pool may close for five (5) minutes each hour as a safety precaution
5. Floating devices are not allowed in the pool. Water wings or swim rings for non-swimming children may be used if accompanied by parent or approved baby-sitter.
6. Glass containers of any type are not allowed inside the fenced area or in the bath house area.
7. No cutoffs or street clothes are allowed in the pool.
8. Only lifeguards are to be on the lifeguard stands.
9. No person shall talk to, shout at, or in any manner distract a lifeguard while on the lifeguard stand except in the case of an emergency.
10. Only masks approved by the Pool Manager will be allowed in the pool.
11. One lane will normally be designated for lap swimming at all times, additional lanes may be added at the discretion of the Pool Manager.
12. No smoking or alcoholic beverages are allowed in the fenced pool area.

Adult Supervision

1. Children under ten (10) years of age must be accompanied by a parent/guardian or authorized baby-sitter at all times while inside the fenced pool area, unless approved by Pool Manager.
2. Parents are required to provide written authorization naming a specific approved baby-sitter to attend their children under 10 years old at the pool. The baby-sitter must be fourteen (14) years of age or older and be a pool member or have a valid guest pass.

Guest Policy

1. Guest(s) must be accompanied by a registered pool member and submit a valid guest pass for admission. Pool members must accept responsibility for their guests.
2. Guest(s) must register with the gate keeper upon admission to the pool facility and sign a waiver of liability.

Private Parties

1. Adults eighteen (18) years and older holding a pool I.D. may make reservations to use the pool for a private party when the pool is not open for regular operating hours. All parties must terminate (all participants departing the facility) by 11:30 p.m.
2. Reservations must be made at least four (4) days in advance with the Pool Manager. Reservations are confirmed by a \$50.00 deposit. A reservation is not confirmed until the Pool Manager receives the deposit. The cost for rental of the pool is \$10.00 per hour

plus lifeguard fees.

3. Persons responsible for any parties must hire lifeguards. Lifeguards must be those guards that are under contract with the District.
4. Any damages resulting from a private party will be the responsibility of the lessee.

Wading Pool

1. Children taller than a height set by the Pool Manager will not be allowed in the wading pool.
2. Lifeguards will not monitor the wading pool. Children in the wading pool must have a parent or baby-sitter present at all times.

Pool Hours (as posted at the pool)

SUMMER SCHEDULE

Weekday hours are 11 a. m. to 9 p.m. Saturday hours are 11 a. m. to 9 p. m.; and Sunday hours are 12 Noon to 9 p. m..

WINTER SCHEDULE

Weekday hours are 12 noon to 1 pm and 4:30 to 8:00 pm. Saturday Sunday and Holidays 12:00 to 8 pm. Winter Maintenance closing will be posted at the pool.

General Information

1. At the discretion of the Pool Manager and as approved by the District Manager, certain periods of the normal open hours may be set aside for specialized activities such as, adults only swim, swim lessons, swim meets, and other special events.
2. Hours may be shortened before and after school starts, and during swim team season. Check the Pool Bulletin Board for scheduled events and scheduling changes.

Tennis/Sports Court Rules and Regulations

(In District Members Only)

1. No dangerous or offensive conduct will be allowed on the courts.
2. No pets, bicycles, skateboards, or motorized vehicles allowed on the courts
3. No alcoholic beverages are allowed inside the fenced court area.
4. No glass containers are allowed inside the fenced court areas.
5. A playing time limit of one hour (60 minutes) will be observed when other members are waiting to use the facilities.
6. Tennis courts one and two are subject to reservation by tennis leagues, not to exceed five (5) hours a week as posted at the courts.
7. A member may have a maximum of four (4) guests at a time on the sports courts.
8. At the discretion of the District Manager, certain specialized activities on the courts may be arranged.
9. A maximum of (4) players are allowed per tennis court at any time.
10. Soccer tennis is strictly prohibited.

September-October Yard Care

The transition months in Austin are September and October that lead into the cold winter months. What that means to us who work at keeping our yards looking OK, finally our yard work is going dormant also. Not much needs to be done from now until spring unless it continues to be hot and dry. In 1999, and 2000 we had soaking rains about the 4th of July and then the next good rain on October 22nd and this year looks like the pattern is repeating. So if it continues to be hot and windy, be sure to spread a leaky hose or good sprinkler around the drip edges of your trees and thoroughly soak the soil.

About this time of the year I usually get several calls about trees showing stress when the hot dry winds suck the moisture out of the tree leaves. It is poor economy to skimp on water for trees especially in the summer. If they go into the winter with low reserves of water they will be weakened and may die over the winter. This is especially true of trees less than 4-6 years old without a well established root system. Soak them well at least every couple of weeks, cheap insurance.

Do not scalp the grass in late fall, or even cut it short because in Austin the long grass holds in the soil moisture and protects from the soil freezing. If you have fast growing weeds, you do need to dig them out or at least mow these areas to keep them from making seed heads that will germinate next year. If you must mow in late fall or winter, lower the mower 2-3 notches to 2" to 2 1/2" grass height. Mowing regularly encourages the desirable grasses and eventually kills the weeds.

Leave the grass clippings on the lawn to mulch the roots and compost in place to feed the grass roots. This organic matter is needed for our fine alkaline soil. A mulching mower will work best on grass and later on leaves. There are mulching blades available for most mowers and they do a good job of grinding up and dropping the mulched grass. The only leaves you must rake up and remove are the tough live oak leaves that fall in January through March.

Fertilize now to encourage root growth over

(Continued from page 13)

the winter. The best fertilizer is Dillo Dirt spread ¼ to 1/2 inch deep on flower beds and the lawn. It gives a slow release of nitrogen and the organic matter speeds up the composting of the dead grass and leaves. I have been volunteering as a mentor for 4th through 6th graders at the Austin Center for Environmental Research (CER) at the Hornsby Bend Waste Treatment plant where they make the Dillo Dirt from ground up yard waste and sewage sludge. It is composted at 180 degrees to make the Dillo Dirt which is available at local nurseries like the AAA grass on McNeil Road. At the CET they have a video which shows in action the microscopic nematodes and mites living in the soil which make the nutrients needed by plants. I've learned a lot from these elementary school kids.

Dillo Dirt or other composted material also encourages these organisms which reduce the common brown patch fungus we get in Saint Augustine grass. A method to reduce delivery cost (\$25 to \$30 to our neighborhood) we use in our cul-du-sac is to get together with 2-3 neighbors and order a truck-load of 6 yards and we split the costs. We use wheelbarrows and shovels to

broadcast it across the lawns and beds. A bit of work but it makes great grass and beds.

Remember if you do use a commercial fertilizer in the fall use it at 1/2 the recommended rate and water it in well. Do not waste money on fertilizers with pre-emergence or weed killers because they can weaken shrubs and trees and most of the chemicals run off into the creek.

St. Augustine Grass Care – If it is still hot and dry and you see brown areas in hot full-sun areas, the problem is likely Chinch Bugs. They are small black insects with white markings on the wings. (So they tell me, too small for my trifocals.) A good organic cure is an insecticidal soap with pyrethrum or Neem or Diatomaceous Earth. A good yard insect killer is the Safer brand Insect Killer Pyrethrum and Insecticidal Soap. Spray not in the full-sun heat of the day on the brown areas and surrounding grass. Repeat several times a few days or waterings apart. Keep watch and repeat after a few days if the brown area is spreading.

(Continued on page 15)

Robin

(Continued from page 14)

After it rains and the temperature drops to mid 70s, then dead St. Augustine grass problems are likely brown patch fungus. The stems look soft and mushy when infected by the fungus. A light application or two of Dillo Dirt or composted material will greatly reduce the fungus and allow the grass grow again. A mixture of 1 tbl. spoon of laundry detergent in a gallon water sprinkled on the area often reduces the fungus to a normal level. There are many commercial products available, be sure to read and follow the directions carefully, they can harm pets, birds and other plants.

The brown patch fungus is always in the soil and grows faster each spring and fall when the moisture and temperature are right. The dead grass areas may need to be re-treated although composted material encourages the growth of the fungus-fighting micro-organisms and lasts the longest.

Plant Trees Now!—Fall is a great time to plant crepe myrtle trees. Choose carefully because they are available in dwarf, miniature, and large growth varieties and in many colors. Some varieties are

also more resistant to powdery mildew. Now is the time to see the color of the blooms on the nursery plants. The larger varieties make good shade trees for the south or west side of the house and then they drop the leaves in the fall to let the sun warm the house in the winter.

Crepe Myrtles can be trimmed up so you are looking through the bare trunks of the trees or you can let the suckers grow from the bottom to produce more dense shrub look. In any case, because they bloom next spring on new wood, trimming them in February encourages new growth at the height you want the blooms to be next summer.

Plant Spring Blooming Perennials Now to encourage abundant spring blooms because the roots will establish and grow over the winter. Plant Turk's Cap, Ruellia, Phlox, Coneflowers, Coreopsis, and Butterfly Weed (Asclepias). All these plants also encourage butterflies to visit your landscape.

(Continued from page 15)

When you fall plant, remove the spent flowers and dried foliage, but avoid a severe pruning until after a good frost. Plant just slightly deeper than it was growing in the pot in a hole about twice the width and the same depth of the pot.

Backfill with the dirt from the hole amended with about 25% compost. Pack the dirt as you fill the hole, get some additional soil and build a raised water well ring around the hole. Give it a good soaking of water by filling the well, waiting 30 minutes or so and re-filling the well to deep soak the roots and surrounding soil. Water like this tapering off slowly all winter from daily, to weekly, to bi-weekly all winter.

My Sprinkler System Expert Status should be established by now. Last fall after a month of shopping, watching installation and testing our new sprinkler system I now know much more than before. When we travel I wanted the yard watering to be on auto-pilot and to have it looking good when we return home. We (and 2 neighbors and the Rattan Creek Park systems) all have Rain Bird ESP12LX controllers because it has many choices

for watering cycles including the City of Austin recommended 5-day cycle. It allows you to set different on-time lengths for each station to balance the water needs of different stations. When weather-related watering changes are needed, you can change the per-cent setting up or down as required. It changes all times for all stations proportionally. There is a rain sensor option and a battery backup of memory for ac power losses.

Happy Gardening,
Chuck Simms

jdsummers

North Austin Municipal Utility District Board of Directors Report on Commercial Development, Parks, and Pool Activities:

The contract for our pool operation by Clearwater Management is being reviewed by Bill Burke and Board members Alan McNeil and Don Conklin.

The contract for the engineering work by Murfee Engineering Co. is being reviewed by David Malish and Board members Terry Ripperda and Keith Collins.

The Milburn Company/Continental Homes has finished their construction in the District. As provided in the MUD agreement, they have asked to be reimbursed for the construction costs they paid for the water, wastewater and drainage facilities for sections 40A and 40B (the Bluffs sections). The

District has escrow bond proceeds for this purpose. Milburn has been reimbursed for many other sections already.

The Board met with Milburn representatives and an accounting firm who will work with our District Lawyer, our District Engineer and District Manager to verify all the funds Milburn is asking reimbursement for. The cost to TV the sewer lines in that area and any repair costs will come from the Bond funds. The reimbursement to Milburn report is to be reviewed by the Board and then payment is made from our bond funds. It will be several months before the data review and accounting report are completed.

Water Rates Increases Being Discussed with the City of Austin. The COA Water and Wastewater department has completed a rate structure study and is recommending rate changes for our wholesale-user water and wastewater rates. The Board voted to hire a company to analyze the proposed rate increase for our MUD and we continue to work with other MUD's to assure equitable treatment for water rates.

(Continued from page 17)

While the proposed increase is only 4.5 %, the Board is frustrated by any rate increases due to Non-Coincident Peaking factors (NCP) since years ago the COA turned down our offer to build a water tank to minimize the peaking effect on the COA system. The proposed rate changes are planned to be adopted by the City Council on September 10-11. We'll keep working on this and let you know next month.

Rattan Creek Park Watering has been managed this spring and summer for optimum plant strength and root depth in preparation for the probable Drought Declaration by the City of Austin. In preparation, we are adding another water meter in the Tamayo Drive water line so we will be able to separate the irrigation water usage from the pool water usage. This will provide us more data to use in managing the two irrigation systems in the park. District Manager Gary Spoons, Richard Fadal of TexaScapes, and Chuck Simms are also preparing a drought contingency plan for the district.

The Robinson Park Trail project: We met with the contractor on July 13th. We had rain on the 2nd

of July and none since then. Anybody want to forecast? Work should begin soon, but that's what they said last month. Our District Manager and Engineer continue to work to get the project under way and completed.

Rattan Creek Restoration: project is being planned for late this year. LCRA and some other organizations are planning a conference on natural creek restoration this fall where we will be able to get more information on this type of project. We may have the first restored natural creek channel in the state of Texas. No new news.

The Reserve at Rattan Creek (Alexan Rattan Creek) apartment project on Parmer Lane at Dallas continues to work with the District Engineer and District Manager on the fire control water system changes to reduce MUD cost and liability. No changes.

The JPI Apartment Development: construction along Parmer Lane continues with 3-story buildings on the horizon now and a massive water control pond being built near Lake Creek. On-going construction.

(Continued on page 19)

Cap gymnastic

(Continued from page 18)

The Williamson County Lake Creek Channel Improvement Project that is upstream of the Palmer Lane bridge continues. Our District engineer David Malish says the stream bed is already beginning to finger instead of establishing a main channel. We'll watch and see how bad it gets. It looks worse every day.

In the final settlement of the ownership of greenbelt land with the Milburn Company, the MUD may get ownership of that greenbelt area and then we will be able to have some control over what is done.

The Amber Oaks Corporate Center which is down 620 from The State Farm Insurance offices on the corner continues to build commercial office buildings. They are now building a road parallel to Briarwick to provide access to the last row of buildings. On-going construction

Indian Oaks Neighborhood wastewater connection: No change.

A NAMUD #1 Recreation Center building: is being discussed by the Board. We met with the

Jollyville fire department who said that the City of Austin does want future use of the propose fire station site on East Dallas Drive. Keith Collins and Chuck Simms are the Board committee and we are looking for suggestions so go to the NAMUD#1 web site to e-mail your thoughts to us. No change.

Chuck Simms, Secretary,
NAMUD #1 Board of Directors.

Yard Of The Month

**8330 Osborne Drive
Pablo & Lani Paguia**

This month's Yard of the Month Winner is 8330 Osborne Drive. Where Pablo and Lani Paguia, and their son; John live. They have resided at this address for three (3) years. Pablo is employed by Dell and Lani is employed at Motorola.

Pablo says this is a great neighborhood and very friendly people. They love gardening. They enjoy the time spent in the yard making

their corner of this neighborhood a little brighter and more colorful. They have found a nice way to landscape around the utility boxes in their front yard. Even a small yard, with a little planning and a lot of hard work, can be a showplace. They recommend Milwood to all their friends and have plans to retire in this home.

If you have a neighbor or see a yard, that you would like to nominate for Yard Of The Month, please contact **Jon Martin at 331-1109.**
